

QUALITY OZONE TECHNOLOGY

OZONE SPA BATH

A woman with long dark hair, wearing a light blue button-down shirt, is sitting on a blue picnic blanket in a grassy area. She is smiling broadly and eating a green apple. In front of her is a white wicker picnic basket with a pink and white checkered cloth tied around it. The basket is filled with fresh fruit, including a red apple, a banana, and a kiwi. Two young boys, both wearing bright green t-shirts, are sitting on the blanket with her. One boy is looking down at something in his hands, and the other is looking towards the camera with a playful expression, making a peace sign with his hand. The background is a soft-focus green forest.

The development of the *Medizone Spa Bath* is based on the **latest research and technology**. It consists of a high tech Ozonator, lonizer and Hepa Filtration system.

CONTENTS

Medizone is proud to launch one of the worlds best Health & Wellness Ranges -
based on the findings of the latest research and technology.

"The world of the new century is the world of the individual, every person will expect to get more out of life and improve both its quality and length. Coupled with this is a growing awareness that we need to break new ground in health matters: the old, symptom-orientated and drug-based medical approach is just no longer automatically accepted. One aspect of this shift is a growing realization of the importance of diet and lifestyle in determining both the quality and length of one's life."

Dr Willem Serfontain, New Nutrition, 2001

COMPANY OVERVIEW

“Worldwide millions of people are experiencing the health benefits of Oxygen & Ozone”

Welcome to health through the power of Oxygen & Ozone. At Medizone we believe in this power and in the delivery of it to our valued customers. Worldwide millions of people are experiencing the health benefits of Oxygen & Ozone and with our unmatched products and service so can you!

With 29 offices and service centre across South Africa, complemented with over 400 professional consultants, Medizone is by far the largest outlet of Ozone products. Apart from our consultants being highly competent through continuous education and training in the field of application and benefits of Ozone, you will find that our after sales support is unsurpassed.

Medizone's product range comprises of Ozone generators (for air and water applications). A Spa Bath unit, Air Purifiers, Car Purifier, Ozone Foot Spa, Ozone Tap Purifier, Ozone Aromatherapy Oils and a quality range of Supplements specifically formulated to use in conjunction with Ozone treatment. Our quality and safety levels speak for themselves as all our products carry an International CE Rating and are manufactured in top class facilities that are ISO 9001 Compliant.

Medizone's Ultimate Health Product

Based on the latest **research** and **technology**.

FEATURES:

- **Ionizer**
- **Ozonator**
- **4 Therapies**
- **Hepa Filtration**

OZONE SPA BATH

PRODUCT SPECIFICATIONS

- Name: Ozone Spa Bath
- Model: MS-1
- Power: 650W
- Voltage: AC230V
- Room Area: Up to 30 - 60m²
- O3 Density: >100 - 200mg/h
- Product Size: 300x335x145mm
- Product Weight: 3.5kg

FEATURES

The Medizone Spa combines 4 different therapies all in one, in the comfort and privacy of your home. Thus saving you thousands in health spa treatments and therapies in the years to come. With the help of these therapies, the risk of getting sick can drastically be reduced, giving you and your family the peace of mind that you have the power to look after your health with the Medizone Ozone Spa Bath.

4-IN-1 THERAPY

- Ozone Therapy
- Active Air Massage Therapy
- Aromatherapy
- Hydro Heat Therapy

INCLUDES

- Spa unit
- Bath mat
- Connector hose
- Remote
- Airstone
- Bath Pillow
- Manual

APPLICATION

- Household
- Hotels
- Health Spas
- Etc

WHY DO WE GET SICK?

45 Years ago, oxygen (O₂) levels in our blood was up to 47%. Today, the oxygen levels in our blood is between 13% - 20%, an alarming drop of 34%. In 1926, two times Nobel Prize Winner for Medicine, Dr. Otto Warburg of the Kaizer Institute in Berlin, announced to the world that the cause of Cancer is a lack of oxygen at the cellular level in the body. In fact, he proved that humans are at risk when this level drops below the 40% mark! Since then, numerous medical scientists have proved over and over that in fact most diseases are caused due to this lack of oxygen in the body!

Some causes of the lack of oxygen in our bodies are:

- Shallow Breathing
- Lack of Exercise
- Decreased Blood Circulation
- Air Pollution
- Smoking
- Drugs
- Stress
- Unhealthy Diet

CAN WE AFFORD FALLING ILL?

On average, as we all know, medical costs have sky rocketed over the past few decades. Hospitalization costs include on average a deposit of R 8 500.00 and then on average R 1 800.00 per day. On top of this surgical costs include on average a deposit of R 22 000.00 with the balance to be paid on the day of discharge. Basic medical aid, despite its high monthly cost, does not always cover these fees in full. In short, most of us cannot afford to get sick!

With the help of these 4 therapies, the risk of getting sick can drastically be reduced, giving you and your family the peace of mind that you have the power to look after your health through the Medizone Spa.

OZONE THERAPY

FORMULATION, HISTORY & RESEARCH:

Ozone (O₃) is a trivalent form of oxygen (O₂). Simply put, it is supercharged oxygen. The earth's atmosphere is overlaid by the ozonosphere, this protective layer of ozone has a twofold purpose, it protects the earth from the sun's harmful UV rays and it purifies and rids the air of pollution.

Ever since its discovery , by Christian F. Schönbein during the 1830's, the properties of ozone, and its action on the molecular structure of all kinds of chemicals, compounds, live cells and micro-organisms, have astounded the scientific and medical world alike.

Scientific studies have proven that ozone has killed off the feared HIV and AIDS viruses in vitro in humans and animals alike. Ozone therapy also combats the detrimental effects of cancer and chemotherapy as well as a myriad of other medical health problems. More than a 100 years of studies has proven ozone therapy to be the safest therapy ever.

THE VALUE OF OZONE:

1. Ozone stimulates the production of white blood cells.
2. Interferon levels are significantly increased.
3. Ozone stimulates the production of Tumour Necrosis Factor.
4. Ozone stimulates the secretion of IL-2.
5. Ozone kills most bacteria at low concentrations.
6. Ozone is effective against all types of fungi.
7. Ozone fights viruses in a variety of ways.
8. Ozone is anti-neoplastic.
9. Ozone oxidizes arterial plaque.
10. Ozone increases the flexibility and elasticity of red blood cells.
11. Ozone accelerates the Citric Acid Cycle.
12. Ozone makes the anti-oxidant enzyme system more efficient.
13. Ozone degrades petrochemicals.

BENEFITS OF OZONE:

- Ozone helps in the liver essentially with detoxification
- It enforces decomposition of fats (Cholesterol and Triglycerides). These are the fats known to damage the blood vessels causing heart attack and stroke.
- Ozone considerably improves the metabolism of the cells (the generators of energy production in the body)
- It breaks down the level of uric acid (which is the cause of gout and a damaging factor for the vessels) or reduces it considerably.
- Ozone improves the blood flow and reduces circulation troubles.

- It reduces clotting of the red blood corpuscles and thus improves the transport of oxygen and the blood flow.
- It increases the amount of oxygen available to the tissues (leading to better absorption of oxygen)
- Ozone kills many kinds of bacteria, viruses, and fungi while also preventing their reappearance.
- The Bottom Line is that Ozone Therapy, handled properly, is a simple, safe and effective method to aid in healing of the body!

THE MEDIZONE SPA BATH

Introducing the Medizone Spa - The Medizone Companies Ultimate Health Product incorporates the latest technology and cutting edge materials in its design. The Medizone Spa is compact and lightweight in construction, assembly and disassembly is quick and easy and it involves only 3 parts. The comfortable bath mat fits any standard size bath and can be rolled up for easy storage. After sales service support is available in the form of one of our 29 nationwide service centres. In short, the Medizone Spa is an investment unequalled in its class.

Your Medizone Spa combines 4 different therapies all in one, at the same time, in the comfort and privacy of your home, thus saving you thousands in health treatments and therapies in the year to come.

The 4-in-1 Therapy includes:

- Ozone Therapy
- Active Air Massage Therapy
- Hydro Heat Therapy
- Aromatherapy

Added Features:

- Ionizer
- Hepa Filtration

Ozone Therapy has a healing power that is unmatched. It kills viruses and bacteria, stimulates the immune system, cleans arteries and veins, purifies the blood and lymph and together with many more benefits to the body is key to preventing illness. The Medizone Spa delivers ozone through its powerful jets effectively and safely.

Active Air Massage Therapy is probably the oldest therapy known to man. It improves the blood circulation, muscular and nervous system and also helps with the digestive system and to get rid of toxins. The Medizone Massage Therapy relieves aches and joint tension in 15 areas including the neck, ankles, arms and knees.

Hydro Heat Therapy is the use of hot water in the treatment of disease. It exploits the bodies reaction to hot and cold stimuli, to the pressure exerted by the water and to the sensation it gives. The nerves carry impulses felt by the skin deep into the body, where they are instrumental in stimulating the immune system, invigorating the circulation and digestive system, encouraging blood flow and lessening pain sensitivity. The Medizone Spa is the perfect tool to utilize the power of this therapy.

Aromatherapy is the use of fragrant essential oils and herbs to promote natural healing and health. Many aromatherapy essential oils are used for the benefits of their smell alone, but they are also used for their antibacterial, anti-fungal or anti-inflammatory and healing purposes. Medizone herbal bath oils are a supplementary, beneficial and natural source of health and personal hygiene. Being highly concentrated, it serves as an effective supporting therapy, either on its own or in conjunction with regular medical treatment. To help incorporate Ozone into your daily life, we also offer a bath, hand and shower gel together with a body lotion.

Ionizer - Negative ions are odourless, tasteless and invisible molecules that exist in our environment in places such as water, air and soil. Negative ions help lift alkaline levels inside our bodies, which in turn neutralizes the acidic toxins and re-adjusts the body to a natural state of balance. Negative ions neutralize the acidic toxins and facilitate blood circulation by lifting the body temperatures which enhances the metabolism.

Hepa Filtration - Hepa (high efficiency particulate arresting) filters are designed to trap small pollutants, allergens, dust and other particles. These filters are best known for cleaning and sanitizing the air and dramatically improving your health.

Relax and take care of yourself.

OZONE AROMATHERAPY OILS

BENEFITS:

Medizone herbal bath oils are supplementary, beneficial and natural source of health and personal hygiene with soothing skin body care. Being highly concentrated, it serves as an effective supporting therapy, either on its own or in conjunction with regular medical treatment.

EUCALYPTUS MINT

- Muscle cramps
- Colds and flu
- Sinusitis
- Coughing

ROSEMARY

- Bad blood circulation
- Muscle cramps
- Cellulite

7 HERBS

- Colds & flu
- Rheumatic pain
- Nasal congestion
- Soothes aching muscles

CAMOMILE

- Tiredness
- Fatigued & damaged skin
- Skin irritation
- Itchiness
- Inflammation

LAVENDER

- Stress relief
- Poor circulation
- Muscle aches
- Cellulite
- Athletes foot

VALERIAN

- Anxiety
- Insomnia
- Climate disorder reactions
- Stress

PINE

- Rheumatism
- Convalescence
- Invigorates
- Exhaustion

ACTIVE HEAT

- Pain Relief
- Relaxes aching muscles
- Cramps

MAYFLOWER

- Rheumatic
- Arthritis
- Treatment of Sciatic-syndrome

FEATURES

Unit:

- Produces ozone
- Produces ions
- Hepa Filtration
- 5 Programs
- 5 Speed massage
- Timer function 5 - 30 min
- Small and compact
- Ozone & Ionizer on/off button
- 2 ozone settings
- Wall mount bracket
- Operates on 12v of electricity
- 2.5 Metre electrical cord
- Compact remote control
- Remote control holder
- Airstone
- Water Bottle
- Modern design

Mat:

- TPU Material
- TPU Material Suction Cups
- Comfort pads on the mat
- 280 Jets
- Lightweight roll up mat

Pipe:

- PU Material
- Extractable

Continue:

- Safety Certificates
- 12 month warranty
- User manual
- Full range of oils - optional
- Carry Bag - optional

BENEFITS

- Has many healing medical benefits
- Medical benefits
- Cleans and Sanatizes the air
- Select and relax
- For a treatment suited to your needs
- Easily set to your desired time
- Easy storage
- Can be used with or without ozone or ionizing
- 100mg & 200mg - Set to your desire
- Unit can be wall mounted
- Low operating costs
- Can be plugged in, outside the bathroom
- Easy program while in bath
- Easy storage
- Purify water easily
- Store ozonated water
- Looks good in any bathroom

- High quality material best suited for Ozone use
- Prevents the mat from sliding
- Added comfort
- Full body massage
- Easy storage

- High quality material best suited for Ozone use
- Easily stretches to two metres - no wastage

- UL, TUV, CQC, CE, ISO 9001 : 2000 Compliant
- Quality workmanship
- Easy to understand
- Suitable to cater for all illness and moods
- Portability

THE MEDIZONE SPA BATH

Thank you for purchasing a Medizone Spa. Like the entire Medizone Range, it is built with high-quality craftsmanship to provide you with years of dependable service. We know that you will find it to be the finest product of its kind.

Medizone hydro spa fills your bath with thousands of messaging bubbles designed to relax your mind and revitalize your body in the privacy of your own home.

SAFETY AND QUALITY

Medizone has made sure that the Ozone omissions generated by our products falls within the safety levels for human exposure.

All the Medizone products have the following Safety Certificates:

- UL - Underwriters Laboratories: This product complies with the applicable engineering requirements.
- TUV - This product complies with all the essential electrical manufacturing requirements.
- CQC - A compulsory test has been done with the factory for all electrical products sold.
- CE - Certificate of Conformity: Internationally recognized safety and quality.
- ISO 9001 - This certifies that the factory has been inspected and passed to produce and manufacture high tech products - Ozonators and Ionizers.

PRODUCT GUIDE: BEFORE YOU START

IMPORTANT SAFEGUARDS:

When using electrical products, especially when children are present, basic safety precautions should always be followed, including the following:

READ ALL INSTRUCTIONS BEFORE USING

CAUTION

TO REDUCE THE RISK OF ELECTRIC SHOCK:

- Control unit should never be placed in water.
- Always unplug this appliance from the electrical outlet immediately after using and before cleaning.
- Do not reach for an appliance that has fallen into water. Unplug it immediately.
- Do not place or store power unit where it can be pulled into a tub or sink. Do not place in or drop into water or other liquid. Store in a dry place.

TO REDUCE THE RISK OF BURNS, ELECTRIC SHOCK, FIRE OR INJURY:

- An appliance should never be left unattended when plugged in. Unplug from outlet when not in use and before putting on or taking off parts or attachments.
- Close supervision is necessary when this product is used by, on or near children, invalids or disabled persons.
- Use this appliance only for its intended use as described in this manual. Do not use attachments not recommended by Medizone.
- Do not operate this appliance if it has a damaged cord or plug, if it is not working properly, if it has been dropped or damaged or dropped into water. Return it to a Medizone Service Centre for examination and repair.
- Do not carry this appliance or unit by the power cord, or use cord as a handle.
- Keep cord away from heated surfaces.

- Do not block the air openings of the appliance or power unit or place it on a soft surface, such as a bed or couch, where the air openings may be blocked. Keep air openings free of lint, hair, dust, etc.
- Do not drop or insert any objects into any opening.
- This product is designed for indoor use only.
- Never use this appliance while sleeping or drowsy.
- Do not operate where aerosol (spray) products are being used.
- Do not use in outdoor pools.
- To disconnect, turn all controls to the “off” position, then remove plug from outlet.
- This appliance must be connected to a 230V electrical supply.
- Do not allow the control unit to become wet. Only the mat and hose should come in contact with water.
- Do not obstruct any opening of the control unit.
- Please disconnect the mat and hose after use.
- In case of a power surge, the unit will automatically shut off. Unplug and then reinsert to turn the unit on.
- The suction cups under the bath mat work perfectly when used on smooth and shiny bathtub surfaces. If your bathtub has a rough or textured surface, take extreme caution when entering the tub in order to avoid slippage and possible danger.

SAVE THESE INSTRUCTIONS:

- Children should not play with the unit.
- Always unplug the unit when not in use and when cleaning or moving it.
- Ensure that your hands are dry when operating the switch or removing the plug.
- Do not cover the unit with any type of material while it is in operation.
- Use by unattended children or incapacitated persons may be dangerous.
- Do not use in inflatable tubs or pools.

INSTALLATION INSTRUCTIONS

1. Remove the components from its packaging and make sure everything has been included: control unit, mat, remote control, hose, bath pillow, airstone and water bottle.
2. Be sure the control unit is unplugged and positioned on a steady surface, preferably on a level higher than the water level.
3. To place the mat, first dampen the tub surface with a small amount of water. This will help the adhesion of the suction cups (on bottom of mat) to the bath tub floor.
4. To connect the hose to the control unit, push the hose end into the units nozzle until it is secured tightly to the control unit.
5. Insert the other end of the hose into the mat. NOTE: Keep the hose free from kinks which could constrict airflow.
6. Attach the hose to the side of the bathtub with the suction cup, which is attached to the hose. The suction cup will help to stabilize the hose. This should be attached along the upper edge of the bathtub.
7. Plug the unit into a 230 volt electrical outlet.

INSTRUCTIONS FOR USE

Caution:

- Mat may move when entering or exiting the bathtub. Exercise caution.

Power:

- After plugging in the control unit, press the POWER button on the touch pad panel. The corresponding LCD screen will indicate this.
- Each function button on the touch pad panel, when pressed, will show on the LCD screen.

Remote Control:

- All programming functions may also be utilized in a similar fashion using the remote control.

- The remote control is water resistant only. If dropped into water, it should be removed immediately. A remote control holder is included to conveniently store your remote. Just dampen the suction cup and attach to the wall or side of the bath tub.
- The remote is powered by two CR2032 3V batteries. For initial use, you will need to insert the batteries. To insert or replace, use a coin to turn the lock on the back of the remote. Take off cover and insert both batteries "+" side up. Set cover in place and turn to lock.

Timer Function:

- The Spa has a timer function which allows you to choose from 5 - 30 minutes.
- Press the TIMER button to activate the function. To select a time, continue pressing the TIMER button until your desired time is displayed on the LCD screen.
- TIMER can be used for both steady bubble massage and bubble massage programs and can also be operated by the remote control.

Massage Option:

- Your Medizone Spa offers you a choice of either steady massage action or five massage programs as follows:

Steady Massage:

- Press the STRENGTH button on the control unit.
- The massage speed may be increased or decreased by pressing the STRENGTH button repeatedly. The corresponding speed for each strength level will display on the LCD screen when selected. You have an option of 5 different speed intensity levels.

Massage Programs:

- Press the PROGRAM button on the control unit.
- Choose any one of 5 programs by pressing the PROGRAM button until the desired program is selected.. The selected program will be shown on the LCD screen.

Ionizer & Hepa Filtration:

- Press the Ionizer button on the control unit. This functions will show on the LCD screen when selected. The Hepa Filtration works constantly.

Be Healthy, Be Happy, Be Smart!™

CARE AND MAINTENANCE

Spa Care and Maintenance

- Keep the Medizone Spa clean and clear of obstructions. Check the air intake area frequently for potential obstructions that could block the air-flow, including lint and hair. Never store your Spa wet.

Storage:

- After use, turn the control unit off. Drain the tub.
- To remove any remaining water inside the mat, lift mat, keeping the hose attached and hold at an angle so the water collects in the corner. Turn the unit on and blow air through the mat for 30 - 45 seconds. Towel dry the outside of mat.
- After the mat is completely dry, you can roll it up for storage.

Cleaning:

- Unplug the unit and allow it to cool before cleaning. Clean only with a soft, slightly damp sponge or cloth. NOTE: Do not use abrasive cleaners, brushes, gasoline, kerosene glass / furniture polish or paint thinners to clean.
- Medizone Spa mat should be cleaned periodically. Clean with household cleanser once a week if used several times a week. If used less frequently, clean after each use.
- To maintain and insure the longevity of this product, follow these easy cleaning steps:
 1. Disconnect hose from mat.
 2. Fill mat with fresh water, through hose inlet on the mat.
 3. Empty water, Repeat several times until inside residue is removed.
 4. Rinse outside of mat and sponge off to make sure all residue is removed.
 5. Follow draining instructions, as described under the "Storage" section.

Caution:

- All servicing of this Medizone Spa must be performed by authorized Medizone service personnel only. Do not attempt to repair the Medizone Spa yourself. There are no user serviceable parts.

TREATMENT PROGRAM AS PRESCRIBED BY A MEDICAL RESEARCHER FOR MAXIMUM & COMFORTABLE RESULTS

Day 1 – 3

15 min bath: Unit on massage at Min / Med strength. Ozone on for first 5 minutes.

Day 4 – 6

15 min bath: Unit on massage at Min / Med strength. Ozone on for first 10 minutes.

Day 7 – 10

15 min bath: Unit on massage at Med / Max strength. Ozone on for full 15 minutes.

Day 11 – 21

20 min bath: Unit on massage at Med / Max strength. Ozone on for first 15 minutes.

Thereafter:

30 minute bath: Unit on massage at Max strength. Ozone on for full 30 minutes.

In order to keep your oxygen levels at optimum cellular level this should be done at least twice a week. Please remember that detoxification will be taking place for the first 10 – 21 days and you may experience Headaches, Nausea and an upset stomach. Night sweats are common during this process as the majority of toxins will be expelled through your skin.

Program devised by: Medizone & Dr. J. Bridgkumar – Haematologist HIV / Aids Research - © Copyright Medizone Healthcare.

WARRANTY

Medizone, Inc. guarantees this product free from defects in material and workmanship for a period of one year from the date of original purchase, except as noted below. This Medizone product warranty does not cover damage caused by misuse, abuse, accident, the attachment of any unauthorized accessory, alteration to the product, or any other conditions whatsoever that are beyond the control of Medizone. Kindly note: This warranty does not cover water damage to the motor or tearing of the durable bubble mat, especially around the suction cups, due to misuse.

TESTIMONIALS

Car Accident

"When I was originally introduced to Medizone, I was like most people, quite sceptical about how the ozone product could improve a persons quality of health.

Based on the logic of the treatment, namely the heat, the bubbling water that would stimulate the circulation, and the oxygen enriched ozone that would be supplied to every cell of the body, I purchased a Medizone Spa. And what an investment it was!

A month after I purchased the Spa, I was involved in a very serious car accident, so bad in fact that 7 of my ribs were broken, as well as my collarbone. I also had internal bleeding and was badly bruised throughout my body. After my discharge from the hospital, my only escape from the pain was my Medizone Spa. After 15 minutes I could feel the pain disappear, and after a week of my therapy, the bruising was gone!"

P.J. Jacobs

Low Immune System

"I have been very ill, to the point where I could not walk or even eat by myself. I depended on people to assist me daily. It was so bad that I could not keep my food down after eating. To make things worse, I suffered a stroke and half my body was disabled and I had trouble speaking.

My Medizone Health Spa has been a life changing experience for me! The first day I used it, it brought about a huge change in my condition. The vomiting stopped and I got my appetite back. Before the week was over I could walk again, and today after using it daily for two weeks I am back to my normal self!"

T.S. Dlomo

PURCHASING A MEDIZONE SPA WILL BE ONE OF THE BEST PERSONAL INVESTMENTS FOR YOU AND YOUR FAMILY'S WELLBEING. INVEST TODAY IN TOMORROWS HEALTH AND EXPERIENCE THE POWER OF OXYGEN AND OZONE FOR YOURSELF.

COMPLETE PRODUCT RANGE:

1. Ozone Air Purifiers:

PRODUCT SPECIFICATIONS

Name:	O3-Ionizer Air Purifier with Hepa Filter & UV Light
Model:	MA-2
Power:	16W
Voltage:	AC220V
Room Area:	Up to 140m ²
O3 Density:	>400mg/h
Ion Density:	>3x10 ³ cm ³
Product Size:	245x177x125mm
Product Weight:	1,25kg
UV Light Strength:	>150uW/cm ³

APPLICATION Household, Hotels, Restaurants, etc.

BENEFITS

- Activated Carbon
- Delays food decay
- UV Lamp
- Decomposes pesticides
- Produces drinking water
- Dissolves chemicals
- Sterilizes household products

PRODUCT SPECIFICATIONS

Name:	O3 Air Purifier with Manual Timer
Model:	MA-3
Power:	8W
Voltage:	AC220V
O3 Density:	>300mg/h
Room Area:	Up to 100m ²
Product Size:	170x230x65mm
Product Weight:	0,71kg
Pump Air Flow:	2,5L/min

APPLICATION Household, Hotels, Restaurants, etc.

BENEFITS

- Manual Timer
- Destroys bacteria
- Dissolves chemicals
- Keeps food fresh
- Produces drinking water
- Sterilizes utensils and household products

PRODUCT SPECIFICATIONS

Name: Air Purifier Ozonator-Ionizer
Model: MA-4
Power: 5W
Voltage: DC220V
O3 Density: >5mg/h

Room Area: Up to 15m²
Anion Density: >1million/cm³
Product Size: 12x9x17.5mm
Product Weight: 0.30kg

APPLICATION Household, Hotels, Restaurants, etc.

BENEFITS

- Produces Ozone and Ions
- Sterilizes household products
- Dissolves chemicals

PRODUCT SPECIFICATIONS

Name: Direct Plug-In O3 Air Purifier
Model: MA-5
Power: 10W
Voltage: AC220V / 50Hz
Air Flow: 3L/min

O3 Density: >100mg/h
Room Area: Up to 30m²
Product Size: 80x44x163mm
Product Weight: 0.34kg

APPLICATION Household, Hotels, Restaurants, etc.

BENEFITS

- Decomposes pesticides & chemicals
- Oxidizes metals & organic substances
- Removes odours & toxins

2. Ozone Car Air Purifier:

PRODUCT SPECIFICATIONS

Name: Car Ozonator
Model: MC-1
Power: 1.2W
Voltage: 12VDC

O3 Density: >10mg/h
Product Size: 80x44x163mm
Product Weight: 0.12kg

APPLICATION Any vehicle with a Cigarette Lighter Fitting

BENEFITS

- Produces active oxygen
- Reduces pollen count in air
- Prevents airconditioner related allergies
- Neutralizes carbon particles produced by cigarette smoke
- Reduces dust particles
- Eliminates airborne germs
- Reduces carbon dioxide by 15%

Refridgeration Purification

3. Fridge Disinfectors:

PRODUCT SPECIFICATIONS

Name: Refrigerator Disinfecter Ozonator (large)
Model: MF-1
Voltage: DC6V
Power: 1W

Ozone Density: >20mg
Product Size: 130x70x113
Product Weight: 172g
Suitable Interspace: ± 250L

APPLICATION Refrigerator, Shoe boxes, Computer room, Wardrobe, Toilet, Office, etc.

BENEFITS

- Sterilizes
- Destroys bacteria
- Delays food decay
- Removes bad smells
- Refreshes and disinfects

PRODUCT SPECIFICATIONS

Name: Refrigerator Disinfecter Ozonator (small)
Model: MF-2
Voltage: DC6V
Power: 0.5W

Ozone Density: >10mg
Product Size: 74x63x115
Product Weight: 115g
Suitable Interspace: ± 150L

APPLICATION Refrigerator, Shoe boxes, Computer room, Wardrobe, Toilet, Office, etc.

BENEFITS

- Sterilizes
- Destroys bacteria
- Delays food decay
- Removes bad smells
- Refreshes and disinfects

4. Ozone Tap Water Purifier:

PRODUCT SPECIFICATIONS

Name: Ozone Tap Water Purifier
Model: MT-1
O3 Density: DC6V
Output Power: Max 3 Watts
Electric Generator: 0.5W

Output Power: Max 3 Watts
Product Size: 130x106x70
Product Weight: 306g
Water Pressure Range: 0.13-0.45Mpa

APPLICATION Homes, Hotels, Restaurants, Bakeries, etc.

BENEFITS

- Produces ozone water
- Eliminates bad odours
- Improves oral hygiene
- Deodorizes bad breath
- Prolongs the life of flowers
- Preserves food, fruit & veg
- Makes skin softer & healthier
- Eliminates bacteria, viruses & organic pesticides

*For the Ultimate Ozone Leg and
Foot Spa Therapy*

5. Ozone Foot Spa:

PRODUCT SPECIFICATIONS

Name:	Ozone Foot Spa
Model:	MFS-1
Power:	815W
Voltage:	220V
Frequency:	50HZ
O3 Density:	>100mg/h
Product size:	480X480X270mm

APPLICATION Household, hotels, etc.

BENEFITS

- Ozone Therapy
- Humidifier
- Hydro Heat Therapy
- Active Air Massage Therapy

OZONE THERAPY

Has a healing power that is unmatched. It kills viruses and bacteria, stimulates the immune system, cleans arteries and veins, purifies the blood and lymph together with many more benefits to the body to prevent illness.

ACTIVE AIR MASSAGE THERAPY

This is probably the oldest therapy known to man! It improves blood circulation, muscular and nervous systems, helps with the digestive system and to get rid of toxins. The Medizone Ozone Foot Spa relieves aches and joint tension in your feet, ankles, legs and knees.

HYDRO HEAT THERAPY

Hydro Heat Therapy exploits the bodies reaction to hot and cold stimuli. The nerves carry impulses felt by the skin deep into the body, where they are instrumental in stimulating the immune system, invigorating the circulation and digestive system, encouraging blood flow and easing pain sensitivity. The Medizone Ozone Foot Spa is the perfect tool to utilize the power of this therapy.

HUMIDIFIER

This function is used to put moisture back into the air during dry seasons, preventing dry eyes, sore throats, sinus problems, allergies, etc.

COMPLETE WELLNESS / PLATINUM RANGE

WHY MEDIZONE COMPLETE SUPPLEMENTS?

Medically
Researched

1. Medically Researched - Medizone is proud to launch one of the world's best Wellness Ranges - **based on the findings of the latest scientific research and technology.**
